INSPIRATION

An aerial photograph of a small village nestled in a lush green valley. The village features traditional stone buildings with terracotta roofs. The surrounding landscape is a mix of green fields, trees, and a winding road. In the background, there are rolling hills and mountains under a clear blue sky. The word 'INSPIRATION' is overlaid in large, white, sans-serif capital letters on the left side of the image.

We bring our designs and lighting projects to life by creating synergy with nature in this wonderful setting, a great source of inspiration. This is a team effort in which imagination and art merge together.

Dentro de este marco privilegiado que es nuestra mejor fuente de inspiración, y creando sinergia con la naturaleza, damos vida a nuestros diseños y proyectos de iluminación. Un trabajo en equipo donde se mezclan imaginación arte.

In diesem erlesenen Rahmen, der unsere beste Inspirationsquelle darstellt, schaffen wir Synergien mit der Natur, hier werden unsere Beleuchtungsdesigns und Projekte geboren. Eine Arbeit im Team, bei der Fantasie und Kunst miteinander verschmelzen.

C'est dans ce cadre privilégié, notre première source d'inspiration, que nous donnons naissance à nos créations et à nos projets de luminaires, toujours en synergie avec la nature. Un travail en équipe qui invite à mêler art et imagination.

DESIGN- NERS

Experimental, multi-faceted. I like to reinvent what already exists. Pure sensitivity and creativity.

Experimental, polifacético. Me gusta reinventar lo que ya existe. Pura sensibilidad y creatividad.

Experimentell, vielseitig. Ich liebe es, vorhandenes neu zu gestalten. Sensibilität und Kreativität pur.

Expérimental, éclectique. J'aime revisiter ce qui existe déjà. Sensibilité pure et créativité.

ELOY PUIG

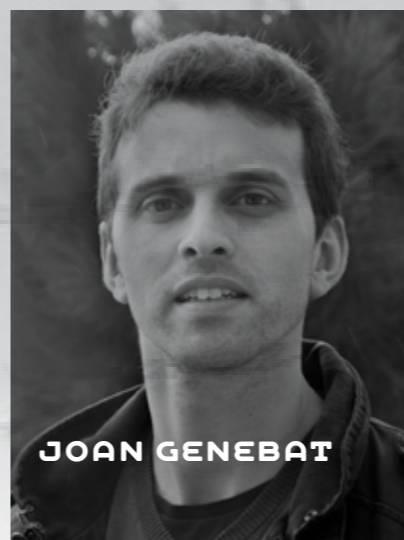

Curiosity for the new and a passion for light. Always experimenting with new materials to create objects with their own identity and free of their own iconography, returned to their purest essence.

Curiosidad por lo nuevo y pasión por la luz. Experimentar siempre con nuevos materiales para obtener objetos con identidad propia desvinculados de su propia iconografía y devolverlos al estado más puro.

Neugier auf Neues und Begeisterung für das Licht. Stets mit neuen Materialien zu experimentieren um Objekte mit eigener Identität zu schaffen, die von ihrer eigentlichen Inhaltsdeutung abgekoppelt sind, und sie wieder ihrem reinsten Zustand zuzuführen.

Curieux de nouveauté et passionné de lumière. Expérimenter sans cesse de nouveaux matériaux pour créer des objets uniques, loin de leur propre iconographie et en retrouver l'essence même.

JOAN GENEBAT

ANDREU CARULLA

The challenge and main objective is to successfully convey the desired sensations. Light has starkly contrasting characters and personalities; they are discovered little by little.

Conseguir transmitir las sensaciones que se quieren contar es el reto y el objetivo más grande. La luz tiene caracteres y personalidades muy diferentes, se van conociendo poco a poco.

Die Herausforderung und das höchste Ziel bestehen darin, die Eindrücke vermitteln zu können, die man bewirken möchte. Das Licht hat ganz unterschiedliche Charaktere und Persönlichkeiten, die Schritt für Schritt erkundet werden.

Parvenir à transmettre les sensations désirées est un défi et aussi le plus bel objectif. La lumière a des caractères et des personnalités multiples ; peu à peu ils se rapprochent.

STIMULO TEAM

Nos gusta crear nuevos productos que estimulen. Recibir el feedback de cualquier parte del mundo, de la gente...
