# Introduction of Grand Design

Grand Design is a Swedish quality home & decoration brand covering the entire home starting in 2005. Available in many different European countries at selected retailers only.

We offer classical and detailed quality home products with focus on bed and bath textiles.

In our process of designing, added value is very important and by that we mean the importance of perfect details such as the choice of buttons, placement of a label or the silk paper found inside our bed linen packing. Everything matters and we leave nothing to chance.

We believe everyone appreciates quality and detailed products just as much as we do. To us quality is a mission and we do our outmost efforts to create, design and produce products with long lasting durability. By using only the best fabrics and tailors from the leading countries of Europe, we make our collections come to life.

Our wide assortment and concepts help you to create a complete atmosphere in any room.

We hope that you will decide to join us and spread the word of our brand.

# Bed Linen

Natural materials

High yarn numbers

Dense weaving & thread counts

Long lasting durability

## When choosing bed linen there are some key factors to consider

Today the human being spend almost one third of their lifetime in bed and what could be more important than the materials and fabrics that you choose to keep close to your skin?

All our bed linens are woven in Europe using the best natural materials with high yarn numbers and dense thread counts – this is a guarantee itself for quality.

The tailors we use for the sewing production are all skillful and dedicated craftsmen.

Before leaving the factory, all goods approved will carry the Grand Design quality certificate found inside the packing.

If you value quality, and long lasting durability in combination with classical designs you have found your brand.

We offer a variety of different qualities made unique by Grand Design.  
Oxford, printed satin, crispy percale and jersey cotton.

We costumize all duvets and pillowcases to each country's standard.
